Complainant is sure more issues will arise with Optimum/Altice, and with Plateautel. Since they are the only 2 ISPs in town, Complainant's damage is permanent: There are no other options, for acquiring inet service in my area. However, this Part 24 is intended as the last in this Series of FTC Complaints. Whew!

Specific individuals have gotten away with 18 USC § 1349 + § 1346 & other violations. They have done so, making Complainant the unwilling linchpin of a world wide criminal enterprise, engaged in financial fraud. Their efforts persist and will continue to do so, as they are unchecked by prosecutions. Those persisting efforts involve government-concealed actors deliberately maintaining and hiding knowingly false data and other predicate lies, within APC, USAC, and the FCC. The worldwide criminal enterprise is driven by furtiveness.
